ALLIES WINNING HEAD-ON BATTLE

FIGHTING GERMANS RETREAT FURTHER ON BURNING NAPLES

FIFTH AND EIGHTH ARMIES ROLL UP GAINS OF TEN TO FIFTEEN MILES

By ROGER GREENE

Associated Press War Editor. Fighting desperately, German troops retreated farther on the approaches to burning Naples today as the American 5th and the British 8th armies rolled up gains of 10 to 15 miles and captured three more towns on the Southern Italian front.

Allied headquarters announced that German demolition squads had scuttled at least 30 ships in the harbor at doomed Naples and blocked almost every usable berth along the docks.

In the past, virtually without exception, reports of Nazi demolitions meant that the Germans were pulling out.

In Corsica, victorious French troops supported by American Rangers continued to drive remnants of the 12,000-man Nazi garrison into the northeast corner of the island.

The daily war bulletin from Gen. Dwight D. Eisenhower's headquarters said allied troops captured Acerno, 18 miles northeast of Salerno, after an eight-mile advance in the U. S. 5th army area, and also seized Avigliano and Ginosa.

Both the 5th and 8th armies have continued to advance, Gen. Eisenhower's command announced.

Dispersed from allied headquarters said American bombers wrecked highways along which German troops were moving in the Naples vicinity, blasted enemy shipping in the Adriatic Sea, and strafed enemy motor convoys.

U. S. Liberators from the Middle East bombed the Elbea river bridge at Athens, Greece, and attacked Maritz airbase in the Nazi-occupied island of Rhodes. RAF planes struck also at Maleme airbase in Crete.

Other events at-a-glance:

Russia—Germans flee Paltava, gateway to heart of Ukraine; three-way Soviet drive imperils Kiev; Red armies capture Demidov in bloody two-day battle, kill 9,200 Germans, seize 64 villages; Russian vanguards now only 15 miles from Dnieper River, 200 miles from Rumanian frontier.

Air War—U. S. Flying Fortresses hit German U-boat base at Nantes, round Nazi airdromes in Western France by daylight; RAF night raiders set great fires in German rail hub at Hannover.

AIR-SEA BLOCKADE TRAPS NAZI TROOPS FLEEING CORSICA

FRENCH AND AMERICANS CLOSING IN ON BASTIA, GERMAN'S LAST SEAPORT

By WES GALLAGHER. ALLIED HEADQUARTERS in North Africa, Sept. 23.—(P)—Allied sea and air power threw a blockade around Corsica today, cutting off German troops fleeing from French and American troops closing in on Bastia, the enemy's last seaport.

It appeared doubtful that the Germans would be able to hold out on the small island much longer under combined air, land and sea pressure.

Allied warships bombarded the strip of coast where the road of retreat runs close to the sea, and supported the troops which carried out a furious attack near Solenzara, 60 miles south of Bastia.

Gen. Henri Giraud, French commander-in-chief, just returned by air from a two-day trip to Corsica, predicted that all Germans would be ousted or killed on the island in "from 10 to 15 days."

Gen. Rene Chambe, Giraud spokesman, in relating details of the French commander's visit to the island, said that the attack had been prepared for six months and that 10,000 Corsicans had been armed with tommyguns which had been dropped by parachute or taken in by submarine since last February.

Eighty thousand Italians on the island were taking orders from the French, he added, but only a handful were fighting the Germans.

Allies Destroy Enemy Convoy. ALEXANDRIA, Sept. 23.—(P)—Two enemy convoys operating in the Aegean sea were destroyed recently by light allied naval forces without loss to themselves, a British navy announcement said today.

The escort of one of the convoys was sunk and vessels protecting the other were damaged, the announcement said.

Allied naval forces have been operating in the Dodecanese islands in close cooperation with the army and RAF.

NAME COMMITTEES PATRIOTIC RALLY HERE MONDAY NIGHT

NAVARRO COUNTY SERVICE MEN AND PAR-ENTS WILL BE HONORED

Committees in charge of the Third War Loan countywide rally at Tiger Field, honoring all Navarro county servicemen and their parents, were announced jointly Wednesday by Joe E. Butler and Fred H. Harvey, general chairmen.

Plans for the rally to bring Navarro county's purchase of war bonds up to the \$3,082,700 quota, were worked out at a meeting Tuesday, called by County Chairman Butler.

Intensive Campaign. Chairman Butler said that a little over \$750,000 in bonds had been purchased by Thursday morning and that an intensive drive will be made to go over the quota. He pointed out that the rally next Monday night will be countywide and that every bond purchased will be applied on the quota of the community from which the purchaser came.

Present plans call for several wounded veterans of the war, convalescing in an army hospital in Temple, to be the speakers. A parade in the downtown section will precede the rally at 7:30.

The following committees were named today:

General Chairmen—Joe E. Butler and Fred H. Harvey Jr. Master of Ceremonies—Tom L. Tyson.

Program Committee—Mrs. W. H. Hastings, Mayor John C. Calhoun and County Judge E. D. McCormick.

Bond Sales Committee—W. H. Smith, Mrs. Glenn Johnston, A. J. Mitchell and J. L. Collins.

Arrangements Committee—Postmaster C. C. Hudson, W. P. McCammon and W. H. Cruse.

Attendance Committee—W. E. McKinney, N. Suttle Roberts and B. L. Sanderson.

Military Arrangements—Capt. See RALLY, Page 3

ALLIED AIRFORCES THREW QUADRUPLE PUNCH INTO ENEMY

IMPORTANT RAIL AND FACTORY CITY OF HANOVER ATTACKED

By GLADWIN HILL. LONDON, Sept. 23.—(P)—Allied air forces threw a quadruple punch into enemy Europe with an RAF mass raid on the Reich city of Hannover last night.

A Flying Fortress attack on Nantes today and two U. S. Marauder assaults deep into France.

All were carried out within a period of 180 hours.

The air ministry said "a very strong force" of Britain's biggest bomb carrier, the Lancaster, took part in the attack on Nantes today.

Twenty-six of the bombers were listed as lost.

"Preliminary reports show that a highly concentrated attack was completed in 30 minutes, leaving very large fires with smoke rising to a great height," a ministry communique said.

Smaller British bomber formations attacked the port of Emden, in the extreme northwest, north Germany, and inland Oldenburg a big army, airforce and railroad center east of Bremen.

The American Fortresses, streaking across the channel at dawn, even before the British formations had returned, attacked

New Infantile Paralysis Case Reported Here

Dr. F. E. Sadler, director of the Corsicana-Navarro County Health Department, reported that a case of infantile paralysis had been diagnosed in Corsicana the eighth case in Navarro county this year.

"Now is a good time to clean up the usual precautions of cleanliness to stop the possible development of other cases."

Dr. Sadler said he was happy that the county has not had an epidemic of polio this summer and that the eight cases here were considered only as sporadic. He urged the usual precautions of cleanliness to stop the possible development of other cases.

It is that the supreme commander of army, naval and air forces of the allied nations in the Southwest Pacific feels that he has been in some way belittled? If that is what he thinks, he's wrong, for his position in the esteem of the American people is as high as the

ALLIES REGISTER NEW GAINS IN ITALY—The U. S. Fifth Army has captured San Cipriano, Montecorvino and Campagna. It was announced, and the British Eighth Army has occupied Potenza, to the east. Arrows indicate Allied drives. Black line is approximate front. New gains came amid reports that the Germans were burning and pillaging Naples.

U. S. Fighter Planes Drive Off Raiding Enemy

WASHINGTON, Sept. 23.—(P)—Shooting down two enemy bombers, American fighter planes drove off a Japanese bombing raid on Guadalcanal, the navy reported today.

The enemy raiding group, largest reported over the island in the Central Solomons in many weeks, was composed of "12 or 16 enemy bombers."

Only light material damage and a few casualties resulted before the Japanese were driven off the morning of September 21, Solomons time.

The navy reported also another raid by six Japanese planes which dropped bombs near the air strip on Guadalcanal. Only light damage was caused and no casualties were suffered in that raid on September 20, Solomons time.

Two raids raised to five the number of attacks by Japanese planes in the Guadalcanal area since September 13.

In the earlier raids only minor damage was caused and they had been considered primarily as nuisance attacks by reconnaissance planes.

Colombo Reinforced. COLOMBO, Ceylon, Sept. 23.—(P)—A large and powerful force of East African troops has arrived to reinforce troops stationed at this British naval base since early last year, it was announced today.

The general's declaration is wholly correct, the ministry communique said.

Ginnings by states, with comparative figures for a year ago, included:

Louisiana 371,686 and 199,300; Oklahoma 26,437 and 10,331; Texas 1,125,919 and 599,007.

ALL SORTS OF GUESSES GOING AROUND AS TO WHAT CAUSED RECENT MACARTHUR STATEMENT

By DEWITT MACKENZIE. Associated Press War Analyst. One of the many things the world likes about General Douglas MacArthur is that this great soldier speaks his mind as he fits a man of action, but his unusual statement in Australia that how ever subordinate may be his role in the war, he hopes to play it manfully, leaves one with feelings of deep puzzlement as to why he thought it necessary to issue it.

The general's declaration is wholly correct, the ministry communique said.

It is that the supreme commander of army, naval and air forces of the allied nations in the Southwest Pacific feels that he has been in some way belittled? If that is what he thinks, he's wrong, for his position in the esteem of the American people is as high as the

skies. He is one of our great National heroes and his place in our hall of fame is secure.

All sorts of guesses are being made as to exactly what is in MacArthur's mind. But nobody has got closer to it than that apparently he feels he is being circumscribed somehow in carrying out his strategic conception for the Pacific theater. This, as he says, "contemplates massive strokes against only main strategic objectives," which would "obviate the need for storming the mass of islands now in the enemy's possession."

Many observers think perhaps MacArthur is talking about the coming Burma drive, and the appointment of Admiral Lord Louis Mountbatten as allied commander in Southeast Asia. It's hard to see how Mountbatten's appointment could subordinate MacArthur.

See THE WAR TODAY, Page 10

SOVIET TROOPS ARE REPORTED STORMING INTO WHITE RUSSIA

GERMANS ANNOUNCE ABANDONMENT OF POLTAVA, UKRAINE GATEWAY

By JAMES M. LONG

LONDON, Sept. 23.—(P)—Premier Joseph Stalin announced today that Poltava, in the heart of the Ukraine has fallen before a smashing Russian offensive that carried also to the Gomel area of White Russia.

Poltava's fall, which the Berlin radio had previously acknowledged, eliminates the last major German base above the vital Dnieper river bend.

The break-through into White Russia near Gomel had been announced earlier by the Moscow radio. Gomel is a rail center about midway between Kiev and Smolensk, a bare 15 miles from the Dnieper and within 150 miles of the old Polish border.

Poltava, a city of 90,000, lies on the Vorskla river in the fertile wheatlands of the Ukraine, and is a control center of a network of railways radiating to Kharkov, Kiev, Kremenchug and Dnepropetrovsk.

The city was isolated yesterday when Red army forces stormed the town of Dikana, 15 miles to the north, and Golovach, six miles to the south.

Meanwhile, Kiev was menaced from three directions today as Red army forces continued to roll up victory after victory along the flaming 750-mile front from Demidov in the north to the Kuban bridgehead on the Black Sea.

Demidov, 42 miles northwest of Smolensk and 21 miles from the borders of White Russia, was stormed by the Russians yesterday.

Its capture, after two days of bitter fighting, effected a special order of the day from Premier Joseph Stalin, who called the northern bastion "one of the strongest German defense centers."

More than 8,000 troops were killed in the struggle for Demidov, a Moscow communique declared, after the enemy had launched 12

SHATTERING BLOWS AGAINST ENEMY IS AIM OF U. S. NAVY

ADMIRAL KING TELLS LEGIONNAIRES OVERWHELMING ASSAULTS DUE

OMAHA, Neb., Sept. 23.—(P)—Shattering blows against the enemy "with all weapons that can be brought to bear, synchronized and coordinated with overwhelming assault," constitute the aim of the navy, Admiral Ernest J. King, commander in chief of the U. S. fleet, asserted today.

He told the national convention of the American Legion that attacks recently carried out with great damage upon Japanese positions on the Marcus and Gilbert Islands in the South Pacific are only "the shape of things to come."

King emphasized throughout his prepared address the importance of the navy's swiftly growing air arm now striking hard at enemy bases, particularly in the Pacific.

"The navy's strategy and tactics," he said, have always revolved around those weapon-bearers which can hit the farthest and the hardest. In this present war these bearers are aircraft. This is thoroughly understood by all naval officers. Airmindedness in the navy is by no means the exclusive property of the navy aviator."

But he laid great stress on the importance of close coordination of all branches in any engagement, asserting:

"Unity and team work is the key to victory."

See ADMIRAL KING, Page 3

Britain Giving Full Priority to Building Planes

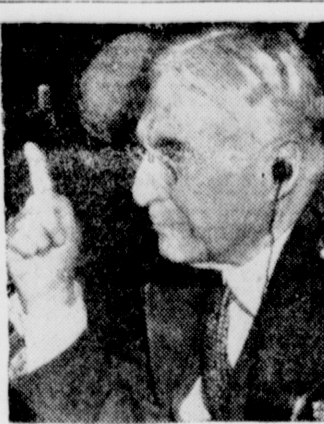

LONDON, Sept. 23.—(P)—Urging every provision be made for "the titanic struggle facing us in 1944," Labor Minister Ernest Bevin said today that the British cabinet had given priority to aircraft construction and urged women up to 50 to go to work in plane factories at once.

In a review of Great Britain's manpower situation before the House of Commons he reported that:

Mobilization has reached a stage not exceeded in any other country. Nearly 23,000,000 out of 33,000,000 persons between 14 and 64 who are available for work are in the armed services, civil defense or part-time employment.

Seven million women are doing part-time work. More than a million

See PRIORITY, Page 11

"GIVE HIM WHAT HE WANTS"—Shaking his finger vigorously, Bernard M. Baruch told Senate and house military committees that "if Gen. George C. Marshall says a specified force is required by strategic planning, give him what he wants." He was testifying on the Wheeler father-draft deferment bill.

NORTHWEST AFRICAN AIRFORCE BLASTING VITAL NAZI ROADS

ENEMY SHIPPING IN ADRIATIC AND MOTOR CONVOYS ATTACKED

By NOLAN NORGAAARD. ALLIED HEADQUARTERS in North Africa, Sept. 23.—(P)—The vital roads along which German troops have been moving in the vicinity of Naples were severed, enemy shipping in the Adriatic Sea was blasted and enemy motor convoys were bombed and strafed yesterday in widespread raids by the Northwest African air force.

American P-40 Warhawks, branching out into a new field of operations, swooped down on enemy shipping in the Gulf of Manfredonia, 60 miles northwest of Bari on Italy's Adriatic coast, and scored direct hits on the stern of a 2,000-ton ship. Other bombs hit quarters of the Warhawks, then strafed stores of enemy war material piled on the docks.

American B-26 Marauders set the pace for the methodical destruction of supply routes upon which the German war effort depended.

The Marauder crews watched their bombs cut railways and highways.

See AIR ACTIVITY, Page 10

BILL DESIGNED TO DEFER FATHERS FROM DRAFT ABOUT DEAD

WASHINGTON, Sept. 23.—(P)—DRAFT DEFERMENT bills by Senator Wheeler (D-Mont.), administrator today charted toward a shelf his measure to block the draft of fathers.

Forced by the army general staff's assertion that 7,700,000 men must be in uniform by Dec. 31 to insure victory, opponents of the Wheeler measure appeared confident they could either smother the bill when it comes up next Tuesday or hang it back to the military affairs committee, there to languish and die.

Meanwhile a million fathers with low order numbers awaited the call which their draft boards will begin sending out in October.

"The navy's strategy and tactics," he said, have always revolved around those weapon-bearers which can hit the farthest and the hardest. In this present war these bearers are aircraft. This is thoroughly understood by all naval officers. Airmindedness in the navy is by no means the exclusive property of the navy aviator."

But he laid great stress on the importance of close coordination of all branches in any engagement, asserting:

"Unity and team work is the key to victory."

Only Axis Rumor That 36th Is Part 5th Army in Italy

WASHINGTON, Sept. 23.—(P)—The War Department said today that reports that the 36th division comprised largely of Texas National Guardsmen is a part of the 5th army fighting the Germans at Salerno, originated from axis sources evidently to fish out information as to the strength of American forces in Italy.

Commenting on rumors in Texas that casualties have been excessive at Salerno and among 36th division men, the department called attention to recent statements of Gen. Mark W. Clark, head of the 5th army.

General Clark issued a statement last Sunday saying the losses of the 5th army had not been high compared with the task faced, and in a report last week declared that the situation of the 5th army never had been as bleak as pictured in some reports.

Mrs. L. F. Smith Heads Auxiliary. OMAHA, Sept. 23.—(P)—Mrs. Lawrence F. Smith, Racine, Wis., wife of the representative of the First Wisconsin district in congress, was elected president today of the American Legion Auxiliary at its 23rd annual National convention.

Concrete divers are smashed beyond recognition. Broken wires from an electric railway hang from poles still standing. Rails are twisted upward like the curved eaves of a Chinese temple.

Eboli is a miniature Battipaglia. Fires still are burning there, crackling in the silent streets. "Let them burn," said an Italian policeman. Perhaps it's better that people find nothing when they come back."

The people all left Battipaglia and Eboli weeks ago when the bombers first began coming and when they knew the war would

GERMANS REPORTED WRECKING NAPLES IN SYSTEMATIC MANNER

ADVANCES OF MANY MILES MADE IN CENTRAL AND SOUTHERN ITALY

By WES GALLAGHER

ALLIED HEADQUARTERS in North Africa, Sept. 23.—(P)—Allied headquarters announced advances of 10 to 15 miles in Central and Southern sectors of Italy today in a forward sweep which was gradually forcing Field Marshal Gen. Albert Kesselring to uncover the inland approaches to smoke-smothered, dynamite-shattered Naples.

As the sound of frequent explosions from the smoking city rolled over the hills toward the Americans and British, allied headquarters announced that the Germans had scuttled at least 30 ships at Naples and blocked practically every berth along the docks.

Aerial photographs also showed a large industrial area north of the docks had been wrecked by bombing and the railroad yards demolished.

"The extent to which this is going on indicates the enemy is determined to make the big port, one of the largest and best peace-time harbors in Europe, completely useless to allied troops when they occupy it," the announcement stated.

Swing To Right. In the inland sweep British and Americans swung the right of their line forward toward the Adriatic, with Salerno serving somewhat as a hinge, and straightened out several deep mountain bulges.

Acerno is 18 miles east and slightly north of Salerno and six miles north of Campagna, reported captured yesterday.

Avigliano is 50 miles east of Salerno and about eight miles northwest of Potenza, also reported captured yesterday.

Ginosa is 25 miles northwest of Taranto and six miles inland from the gulf of Taranto.

(The German communique today

VILLAGE CARPENTER WORKED TOP SPEED MAKING COFFINS

AP CORRESPONDENT TELLS OF SCENE AS WAR PASSES ITALIANS

By REILMAN MORIN. WITH THE FIFTH ARMY IN ITALY, Sept. 22.—(Delayed)—The village carpenter was making

He had to make them swiftly, for people were waiting. They had come out of the mountains after the battle had passed and found their dead lying in the streets or buried beneath the wreckage of stone huts. And so they waited outside the carpenter's shop.

For wood and fast-nailing, rough boards together with a few quick blows. It took a little more time to make a cross for each one and tack it on the cover. Then he would gesture to the peasants and they would take another coffin away.

This was in Altavilla shortly after the Americans occupied it. Battipaglia has been virtually wiped off the map. There's not a single habitable dwelling nor usable building. It's been bombed and shelled out of existence.

From Battipaglia to Eboli stretch fields where the Americans duelled with Germans, using tanks, heavy artillery and giant bombs. This road was pitted with craters that it's hardly passable.

It passes a field so chewed and torn that it looks like ploughed ground.

Five miles and miles the brown clay has been thrown up in mounds over the grass and wheat.

Culverts Smashed. Concrete culverts are smashed beyond recognition. Broken wires from an electric railway hang from poles still standing. Rails are twisted upward like the curved eaves of a Chinese temple.

Eboli is a miniature Battipaglia. Fires still are burning there, crackling in the silent streets. "Let them burn," said an Italian policeman. Perhaps it's better that people find nothing when they come back."

The people all left Battipaglia and Eboli weeks ago when the bombers first began coming and when they knew the war would

CRUSADE OF COMMANDMENTS GIVES BACKGROUND FOR PEACE*

Heroic Task Outlined for Christians and Jews
—Supreme Law Is Security for Better Order of Civilization—The Divine Pledge—All Covenants Conditioned by Obedience

By WILLIAM T. ELLIS.

Biggest of the big tasks that confronts mankind today is that of putting a power behind our grandiose plans that will make them work. Blue-prints for Utopia are plentiful. In the back of our minds, nevertheless we know that, however good they may be, paper proposals will not work of themselves. The Kellogg Peace Agreements, alas, as we have too often seen, do not stick when the test comes. If the Nations had kept faith with the Nine-Power Pact, and stopped Japan in Manchuria, the world would be in a different state today. The same is true of Germany's violation of the Ruhr Agreement.

No; it is going to take some greater power than the signatures of statesmen to effect a new world. A bit of thorough thinking makes clear that Power, in law and in spirit, must be of God. Nobody has to organize, and maintain society; the program was written, millennium ago, on two tablets of stone, on the rocky crest of Mt. Sinai. The Ten Commandments, as given to Moses, are the adequate law for an ideal society.

A Cult of Commandments
A primary preparation for peace is the task of driving home to all men's consciousness the place of the Ten Commandments in life. This is a heroic work, for both Jews and Christians, the people of the book. I seriously believe that all the tragic problems of the Hebrew race would be solved by their taking up as their supreme mission the cult of the Commandments. Their native brilliance and their unique gift for propaganda could center the thoughts of civilization upon these universal and eternal laws. The enterprise would be vaster and more difficult than Zionism, for the Jews of the highest type of spiritual leadership. But if every Jew were solemnly to undertake to practice and proclaim the holy laws given to Moses on the Mount of the entire atmosphere of the world would be changed; and all the ancient Jewish wrongs would be righted.

I do not here deal with the Christian Church's obligation to do likewise: at the moment, I am thinking of the Decalogue as the unique heritage and treasure of the Jews; and of the possibility of their attaining, after all these ages, the fulfillment of the Divine Promise made especially to them. This was laid upon them as a mission; all of their woes spring from failure to carry it out. But, treasured by the sublime figures of the ancient Hebrew prophets, and by the ages of spiritual teaching, the Jews of today could create a Commandment Cult that would be mightier than any battle front.

At the Core of Truth
At the core of all true life is the reality of God. He exists. He has power. All authority is with Him. And He has made known His will unto mortals. He requires obedience to His beneficent laws, and He punishes disobedience. Thus runs the day's Lesson.

There is such a thing as moral law, of Divine origin, though this present generation has been inclined to flout it. The law is as immutable as the procession of the planets. The person who gives no thought to the place and plans of God in human life is mentally immature.

As our Lesson iterates, the laws of God are to be pondered and cherished and taught. They are to be part of the texture of talk at home, and they are to be impressed upon the children. The longest chapter in the Bible, the One Hundred and Nineteenth Psalm, deals in every verse with the Law of Jehovah. There is broad international significance to the text, "Thy word have I hid in my heart; that I might not sin against Thee."

A National Program
Daniel Webster was once asked what was the greatest thought his mind had ever entertained. He replied, "A sense of my responsibility to Almighty God." Man is

man at his highest when he confronts the Eternal.
Our editors and statesmen and philosophers are getting a fresh and timely grip upon the truth that the will of God is the real law of man. All of the vast promises to Israel, summarized in our Lesson, look toward a better world for human beings.

But these promises are conditioned upon obedience—a condition which Israel did not meet. No fair-minded person could expect a jug-handled bargain from God, whereby He gives and gives, and yet is not met in a reciprocal mood. A bird needs two wings to fly; and God's promises need Divine power and human effort for fulfillment.

Righteousness exalteth a nation; the nation must provide the righteousness if the Lord is to provide the exaltation. The old exhortation of evangelists, "Get right with God," comes close to being practical statesmanship for our time.

SEVEN SENTENCE SERMONS
I have sought rest everywhere, and found it not, save in little nooks and little books.—A. Kemper

He that is down needs fear no fall; he that is low, no pride; he that is humble, ever shall have God to be his guide.—John Bunyan

Live pure, speak true, right wrong, follow the King—Elsewhere born?—Tennyson.

Following virtue is like ascending a steep; following vice, like rushing down a precipice.—Chinese Proverb.

Righteousness exalteth a nation; but sin is a reproach to any people.—Proverbs 14:34.

For we know, not every morrow can be said:
So, forgetting all the sorrow we have had,
Let us fold away our fears,
And put pay our childish tears,
And through all the coming years,
Just be glad.
—James Whitcomb Riley.

Do not worry; eat three square meals a day; say your prayers; be courteous to your creditors; keep your digestion good; exercise; go slow and go easy; maybe there are other things that your special case requires; make you happy, but, my friend, these I reckon will give you a good lift.—Lincoln.

*The Sunday School Lesson for September 26, "Aiding Values From Israel's History"—Deuteronomy, Chapter 1-3, 11.

MRS. LAURA WHEAT DIED AT PURDON; BURIAL ON SUNDAY

Mrs. Laura L. Wheat, aged 76 years, native Texan, died at the home of her daughter, Mrs. W. B. Boyett, at Purdon Saturday. Funeral rites were held at the Purdon Methodist church Sunday afternoon at 3:30 o'clock. The rites were conducted by Rev. F. T. Fisher. Burial was in the Younger cemetery. Mrs. Wheat had resided in the Purdon community for the past 40 years.

Surviving are three daughters, Mrs. Mary Compton and Mrs. Boyett, both of Purdon, and Mrs. Della Owens, Athens; 11 grandchildren and nine great-grandchildren.

Palbearers were Edgar Butler, Aubrey French, Jim Stockard, Arthur Davis, Clarence Putman and Marshall Farmer.

McCormick Funeral Service directed.

CORSICANA MAN IS FINED FOR ATTACK ON REVENUE AGENT

DALLAS, Sept. 22.—(P)—O. Clyde Anglin, 39, Corsicana barber, today paid a \$100 fine in Federal Judge T. W. Davidson's court for assaulting H. H. Cooper, field deputy on the staff of Collector of Internal Revenue W. A. Thomas.

Anglin pleaded guilty to the charge of assaulting a government agent in the performance of the latter's official duties. Testimony developed that Anglin's action against Cooper was taken after the agent had levied on Anglin's bank account for a social security tax growing out of the operation by Anglin and a partner of a barber shop at Mineral Wells.

Hubbard Singing All Day Sunday
The Hubbard district singing-society will be held all day Sunday, September 26, announced Nolan Murphy, president.

Dinner will be served on the lawn and every one is invited to attend. All singers are especially invited.

Mrs. J. L. Bachelor has been dismissed from the P. and S. Hospital.

WORLD FOOD PROBLEM AND RELATIONS WITH RUSSIA TOP AGENDA

CONGRESS, MEANWHILE, CONSIDERS POST-WAR AND DRAFT MATTERS

WASHINGTON, Sept. 23.—(P)—Relations with Russia and a new approach to the world food problem appeared today to have temporarily replaced combat strategy as the number one concern of the White House.

Awaiting President Roosevelt's decisions are:
1—Appointments to four key diplomatic assignments, all bearing on Anglo-American-Russian interests.
2—A program by the War Mobilization Board for stimulating food production abroad so that the U. S. will not have to feed the world.

Announcements are expected momentarily on these subjects. The diplomatic appointments involve an undersecretary of state to succeed Sumner Welles, who has informed friends of his resignation; an ambassador to Russia in place of Admiral William H. Standley, reported ready to relinquish his post for personal reasons; an envoy for the preliminary discussions of foreign ministers of the three big powers at Moscow, leading to a Roosevelt-Churchill-Stalin meeting; and a U. S. representative on the inter-allied Mediterranean committee.

Congress meanwhile confined its attention largely to postwar policy and the father draft issues.

Senator Hatch (D-NM) found fault with the house adopted resolution favoring U. S. participation in appropriate international machinery to keep the peace. He said it ought to have a big stick in it—a pledge to use military force to prevent future aggression. A senate foreign relations subcommittee met to review a variety of postwar policy proposals with indications

Chaplain Bergeson Of State Home Is Promoted Captain

First Lieutenant Merle W. Bergeson, Chaplain at the Rehabilitation Center, Port Jackson, S. C. has been promoted to captain, it was announced Tuesday at his station. Chaplain Bergeson, who came to Port Jackson upon completion of his course at the Chaplain's School, Harvard University last December, served as Station Hospital Chaplain and assistant Post Chaplain over a period of six months before becoming the Rehabilitation Center Chaplain.

A native of Hornell, N. Y., and a resident of Easton, Pa., for fifteen years, Chaplain Bergeson saw service in World War I with the 30th Infantry of the 7th Division, after which he worked for the government on the Panama Canal Zone for two years.

A graduate of Texas Christian University and of Southwestern Baptist Theological Seminary, Chaplain Bergeson served as educational director of the First Baptist Church, Bryan, Texas, and then became chaplain of the Texas State Orphan Home at Corsicana. He served in that capacity for seven years before being called to active duty with the Army on July 22, 1942.

Chaplain Bergeson's wife is now residing in Corsicana, his daughter, Crissy, is attending Texas State College for Women at Denton, and his son, Elbridge, is receiving naval officers' training at Mississippi College, Clinton, Miss.

that a go-slow attitude to avoid any bitter open arguments was desirable all around.

The Wheeler bill to block the draft of fathers meets its test next Tuesday. Administration chiefs in the senate were confident they could either beat it down on a vote basis, or thrust it back to committee for a slower but equally sure death.

A son was born to Mrs. Walter Lewis at the P. and S. Hospital Tuesday afternoon.

E. J. Kizer, Dawson, is a patient in the P. and S. Hospital.

JOB STABILIZATION PLAN FOR CORSICANA EFFECTIVE OCT. 15

A job stabilization plan for Corsicana to insure continuous use of labor at its highest skill in war work, safeguarding both management and labor will go into effect on Oct. 15, according to W. B. Reedy, local manager of the U. S. Employment Service.

Plans were drafted in Waco yesterday by Pat S. Tillman, area war manpower director, meeting with a labor-management committee.

Four objectives of the stabilization plan were pointed out by Reedy:
To hold essential workers on essential war jobs when they are already in such jobs.
To reduce unnecessary labor migration.

To direct the flow of scarce labor where it is most needed in the war program.

To provide men needed to fill requirements of the armed forces.

"In safeguarding both management and labor, the job stabilization plan protects employers from having their workers enticed away by other employers who offer higher wages," Reedy said. "It prevents waste of training effort and cost to the employer by the irresponsible shifting of workers between jobs."

The plan enables the worker to use his highest skill, mauling him full time employment at standard wages, and permits him to change jobs if the war effort can better be served by the change," according to Reedy.

The plan further protects the entire community by controlling migration and thereby preventing collapse of facilities like housing, transportation, hospitals, restaurants, laundries, and health and sanitation facilities," he said.

Sick and Convalescent.

Lieut. E. E. Kilgore Is Made Captain in U. S. Air Forces

Lieut. Edward E. Kilgore, who is stationed with the U. S. Army Air Forces somewhere in North Africa, has been promoted to a captaincy, according to a message received by his wife, the former Miss Vera Katherine Belt of this city. Capt. Kilgore has been in the North African theater of war for the past eight months, and has just completed fifty missions over enemy territory. Capt. Kilgore received his primary training at Corsicana Field.

MRS. ELLA A. GRAVES DIED MART MONDAY; RITES AT HUBBARD

Funeral services for Mrs. Ella Alexander Graves, aged 83 years, who died at her home in Mart Monday, were held Tuesday afternoon from the Hubbard Baptist church. Burial was in the Liberty Hill cemetery northwest of Dawson.

Surviving are two daughters, Mrs. M. A. Verdemann, Mart, and Mrs. C. W. Clark, Houston; seven sons, W. T. J. H. G. S. and C. F. Graves, all of Waco; Audie Graves, Dawson; John Graves, Hubbard, and A. W. Graves, Cochran; 27 grandchildren, 40 great-grandchildren, and one great-great-grandchild.

Enrollment City Schools Is 2,463

Corsicana public schools have a total enrollment of 2,463 students at the end of the first week of the 1943 fall term, according to announcement Tuesday by W. H. Norwood, superintendent.

The highest enrollment since the year 1939, the schools have 279 more students this year than at this time last year, Norwood said.

Hubert Grantham is a patient in the P. and S. Hospital.

FUNERAL SERVICES FOR S. D. RAMSEY WERE HELD TUESDAY

Funeral services for S. D. Ramsey, age 81 years, were held at 5 o'clock Tuesday afternoon from the chapel of the Corley Funeral Home. Rev. A. A. Peacock, pastor of the Ebenezer A. M. E. church, conducted the rites and burial was in Hamilton cemetery. He died at his home here Monday afternoon after a lingering illness.

A pioneer resident of Corsicana he was engaged in the oil business for a number of years.

Surviving are his wife, Corsicana; five daughters, Mrs. R. L. Moore, Dallas; Mrs. R. E. Webb, Dallas; Mrs. W. B. Burdine, Dallas; Mrs. S. E. Ellington, Chatfield; Mrs. E. W. Robinson, Corsicana; a stepson, Lynn Spencer, Corsicana; a stepdaughter, Mrs. Vaughn Osborn, Corsicana; a brother, J. H. Ramsey, Crystal City; a sister, Mrs. Della Bryson, Corsicana; several grandchildren and other relatives.

Palbearers were J. N. Garity, P. C. Paul, George Daniels, Orlan Bryson, C. A. Middleton, John C. Hughes, R. D. Fleming, and J. H. Brown.

Purdon Schools to Open on Monday

Formal opening of the Purdon schools will take place on Monday, September 27, at 9 o'clock a.m. with Hobson Smith, superintendent, presiding. The Rev. F. T. Fisher will be chief speaker in the opening exercises.

The public is invited to attend. Students will be dismissed at 12 o'clock on that day.

CARD OF THANKS

We want to take this means of thanking our friends for kindness in the recent death of W. W. Brannon who passed away last Saturday. And for the beautiful floral offerings and words of sympathy.

MRS. W. W. BRANNON AND FAMILY

What to Do With Fats That Uncle Sam Needs So Badly

FIRST—Save every drop from pan drippings, gravy skimmings, etc., to use again in your cooking. The government has asked for fats to make gunpowder—but it doesn't want them until you've gotten all the cooking good you can out of them, for various dishes you want to make.

THEN—When all the cooking good is gone, don't throw your used fats away. They're desperately needed for gunpowder. Every little bit counts. Just one tablespoon will fire five machine gun bullets.

Even with rationing, you can save that much every day. Keep it in a can. Rush each canful to your meat dealer.

The Lions' Club is sponsoring the Salvaging of Waste Fats campaign in Corsicana.

EMERGENCY CROP AND FEED LOANS FOR 1944 NOW AVAILABLE

Emergency crop and feed loans for 1944, are available to farmers whose cash requirements are small and who are unable to secure financing from other sources, according to Edgar J. Womack, field supervisor.

Due to the long summer drought there is a feed shortage in many areas of Texas, and farmers are finding it necessary to purchase feed or to plant fall feed crops to supply their livestock," Womack said.

"It is expected that the early opening of loans will materially aid in holding essential food production at the high level urged by the War Food Administration.

Womack said he would be in his office in the postoffice basement on Saturdays and Mondays of each week to take applications for Navarro county farmers.

FOREIGN RELATIONS SENATE COMMITTEE HOLDS UP POST-WAR

WASHINGTON, Sept. 23.—(AP)—A senate foreign relations subcommittee delayed today for at least a week any action on a dozen or more pending post-war policy proposals, including the house-approved Fulbright "lasting peace" resolution.

Senator Gillette (D-Iowa) predicted the committee would act within "three or four weeks" on a resolution of its own. He said there was some feeling in the senate that the house had gone out of bounds in passing the Fulbright measure.

Gillette told reporters that while he welcomed the house action he believed the senate would desire to pass a resolution of its own. The senate holds the constitutional authority to advise the president in the negotiation of treaties, which cannot become effective until ratified by a two-thirds vote of the senate.

Senator Hatch (D-NM), who is not a member of the committee, told reporters he regarded the house-approved Fulbright measure as unsatisfactory because it lacks a definite pledge to use military force to prevent future aggression. The Fulbright proposal would put congress on record merely as favoring "United States participation in appropriate international machinery" with power adequate to maintain peace.

The proposal to use military force is the keynote of a resolution offered by Hatch and Senators Hill (D-Ala.), Ball (R-Minn.) and Burton (R-Ohio), which the subcommittee is considering.

McCormick Receives Commission Member Postwar Plan Body

E. D. McCormick, Navarro county judge, has received his commission from Governor Coke R. Stevenson for his recent appointment as a "Member Post War Economic Planning Commission."

The commission has representation from various governmental, civic and other circles, and Judge McCormick is representing the county judges and commissioners associations.

Seek to Stimulate Tourist Business

MEXICO CITY, Sept. 23.—(AP)—A subcommittee of the U. S. Mexico economic cooperation commission was named yesterday to stimulate tourist trade.

Chairman of the subcommittee, Alejandro Buelna, chief of the government Tourist Office, said he will propose a program including development of highway, airplane and railroad traffic, improvement of sanitation at tourist centers, creation of national parks, and particular encouragement of visits by newspapermen, teachers and students.

The projected program recommends formation of an "American Federation," including Canada, United States and Mexico, for development of international tourists.

Their resolution, the Fulbright measure, appears likely to give way in the committee to a compromise statement expected to be offered later by Chairman Connally (D-Texas) of the full committee.

FHA READY RESUME AT MOMENT'S NOTICE FORMER ACTIVITIES

CHICAGO, Sept. 23.—(AP)—Abner H. Ferguson, commissioner of the Federal Housing Administration, said today that the FHA is in a position to resume, "at a moment's notice," its insurance activities in the small home field and "to energetically press forward in the post-war building program."

Ferguson declared that some advocates of new methods of housing finance "seemed to have overlooked the fact" that the FHA needs no new legislation to go into immediate action in the small home field "the moment wartime restrictions are lifted."

The FHA commissioner, in an address prepared for delivery to the annual business meeting of the Mortgage Bankers Association of America, said there still was available "practically half a billion dollars of unused insurance authorization," which he said would be sufficient to finance the construction of at least 100,000 houses. Additional funds also might be available for the agency's post-war program, he said.

James Twombly, governor of the Federal Home Loan Bank System, predicted that a million home would be built and marketed after the war on "packaged plans" and would be financed "at a mortgage interest rate unprecedented in our history."

Fish Says Legion Been Used to Carry On Smear Campaign

NEW YORK, Sept. 23.—(AP)—Charging that the American Legion "has inadvertently been used to carry on a political and partisan smear campaign," Rep. Hamilton Fish (Rep-NY) reiterated today his denial that he had permitted his congressional frank to be used to spread un-American propaganda.

Fish, a Legionnaire, made his remarks in a statement issued by him in answer to a resolution adopted by the Legion at its convention in Omaha yesterday.

The resolution charged that Fish "with certain other isolationist members of congress" permitted use of the frank by George Sylvester Viereck, an alleged pro-German propagandist, and the American First committee to disseminate propaganda "inimical to the United States."

Mildred Schools Opened Monday; Normal Enrollment

Mildred schools opened the 1943-1944 session Monday with about a normal enrollment, Supt. H. A. Garland revealed Thursday.

There are three new teachers this year—Ruby Faye Wells, and Mr. and Mrs. B. M. Garland. Old members of the faculty are Supt. Garland, Eloise Johnston, Mattie Gunn, Mary Patterson, Carrie Abernathy, B. F. Hall, Mrs. Edith Pollock and Mrs. Aaron Montgomery.

RALLY

CONTINUED FROM FIRST PAGE

L. S. Dysinger and B. Wynne Woolley.

Seating Arrangements—Capt. B. L. Cook.

Police and Traffic—City Commissioner Fred D. Prince and City Engineer Fred V. Blucher.

Publicity Committee—C. K. Cate, Lynne A. Wortham, Earle Fletcher and Lowry Martin.

County chairmen for each community previously announced by Chairman Butler—Fred H. Harvey, Jr., Corsicana; Bruce McCormick, Blooming Grove; C. M. Newton, Dawson; J. B. Shaw, Frost; D. P. Walker, Kerens; Fazette and Rural Shade; Sylvan Stucker, Powell, and A. C. Hervey, Rice and Tupelo.

Jim Richards, Richland; Fred Copeland, Purley; Dr. W. R. Russell, Purdon; A. C. Choate, Mildred and Eureka (RFD No. 4, Corsicana); G. A. Bell, Barry; Clint Trout, Navarro; John J. Bryant, Roane and Montfort; Earl Easterling, Chatfield, and Newton Roman, Corbet.

Prisons Double Quotas

WASHINGTON, Sept. 23.—(AP)—American prisons are building—and more—their quotas toward the \$300,000 bomber they will buy as their part in the \$15,000,000,000 Third War Loan, the treasury reported today.

The men and women behind bars will name the craft themselves in a contest to be conducted at the conclusion of the drive.

Of 41 reporting institutions, out of a total of 13, the treasury said only one—not identified—has failed to exceed its goal.

man propagandist, and the American First committee to disseminate propaganda "inimical to the United States."

ATTORNEY TELLS OF LAND TITLES AT CIVITAN CLUB

"There is much history behind the laboring of human beings for possession of land and a lot of character, good and bad, reflected in land titles and abstracts," stated L. B. Dawson, of Davis, Jester, Tyson and Dawson, in speaking to Civitans Thursday noon.

Giving a brief history of several land titles in Texas and New Mexico, the speaker gave interesting examples of how the history of the state and character of the various owners of land can be traced through abstracts.

"Texas land grants are made by surveys, to the sorrow and delight of lawyers," Dawson stated. "Most of these grants are very confused and entangled, thus requiring much study and effort on the part of the lawyer. History of abstracts usually proves very interesting."

T. C. Orr, program chairman, introduced the speaker, and Tom Eady presided over the meeting. H. W. Kentley was on the program committee, and Jared L. Cardigan was guest of Ed Wendorf, E. D. McCormick and Rev. Jack Goff are in charge of next week's program. W. H. Smith urged members to join the Civitan Club and to be present at the bond rally Monday night.

THREE INDICTED IN CONNECTION \$92,000 THEFT OF JEWELRY

DALLAS, Sept. 23.—(AP)—Three persons were indicted by a federal grand jury today in connection with the alleged theft of \$92,000 worth of jewels from a plane stationed at Amarillo last January.

Two indictments were returned to Judge W. W. Dawson. One named Kenneth McClure on a charge of larceny and unlawful possession. The other charged Lewis Dot Caudill and Elmer Hawkins, alias Ed Hawkins, jointly with receiving and concealing \$90,000 in jewels.

The jewels were allegedly taken from a Transcontinental and Western Air Transport station, and were the property, the government said, of a Persian princess named Parid. The jewels were being transferred from one plane to another at the time, the charges said.

MRS ROOSEVELT BACK IN AMERICA FROM DOWN UNDER

SAN FRANCISCO, Sept. 23.—(AP)—Mrs. Eleanor Roosevelt arrived here at 9:20 a. m., Pacific W. time, today after a tour of New Zealand and Australia, and said she was particularly anxious to visit with her son, Lt. Col. James Roosevelt.

Mrs. Roosevelt's plane flew the 2,400 miles from Honolulu in the unusually fast time of only 10 hours and 35 minutes.

She was to hold a press conference and then leave immediately for New York to see Colonel Roosevelt before he has to report for duty.

Mrs. Roosevelt, who began her tour August 17, covered 23,145 miles by air in 107 hours and 45 minutes of actual flying time.

She made 17 island stops, in addition to her eight-day tour of New Zealand and an 11-day tour of Australia.

ADMIRAL KING

CONTINUED FROM FIRST PAGE

basis of the navy's fighting doctrine. It is the navy's aim to strike the enemy at any given point with all weapons that can be brought to bear, synchronized and coordinated in overwhelming assault.

Statin that "the ultimate test of a military organization is its performance in combat, its discharge of the vital and sacred duty to defend its country against the enemy," he said navy officers particularly "has met and is meeting the test. The record of Midway, the Solomons, the U-boat war in the Atlantic, bear witness to it."

Presented Legion's DSM.

The highlight of the closing session of the 25th annual Legion convention was the presentation of the Legion's Distinguished Service Medal to Admiral King.

Gen. George C. Marshall, army chief of staff, received a similar medal Monday, and addressed the convention.

Election of a national commander to succeed Roane Waring of Memphis, Tenn., was the most important order of business before the convention. The most likely choice appeared to be the 51-year-old Warren Atherton, Stockton, Calif., attorney and chairman of the Legion's committee on National defense.

The Legion has not yet received any invitations from cities wanting the 1944 convention and the final choice will rest with the executive committee, with its decision to be made after invitations are received.

National Service Law

The convention adopted a resolution to press for enactment of a National selective law "to assure that manpower for war production and essential civilian activities will be available when and as needed to win the war."

Another resolution asked that steps be taken by the federal government to assure that overseas soldiers, probably the last to be demobilized, shall not suffer unemployment on that account.

The resolution was one of many offered by the employment committee of the Legion and adopted by the convention.

In general they outline a broad policy for returning soldiers, including vocational rehabilitation continuing of education if desired and safeguarding of jobs.

Under suspension of the rules, the convention voted to appropriate \$250,000 for the World War Two Liaison Committee to conduct a campaign among men now in the military services to encourage their joining the Legion when they become eligible for membership by honorable discharge.

Major league baseball in New York City attracts an annual attendance of about 3,000,000—31 per cent of the national total.

Gigantic Navarro County BOND RALLY

Will Be Held In Corsicana

Monday Night at 8:30 o'clock

**At Tiger Football Field
Stadium**

Honoring all of the parents of the county who have loved ones in the armed services of our country, and the soldiers, marines, sailors, and airmen who have returned from active service.

This will be one of the most important patriotic county gatherings ever held before in co-operation with our country's plan to win the war.

There will be band music and a program put on by Cadets from the Air Activities of Texas Field of Corsicana, with other interesting features. The object of this big patriotic rally will be to

BACK THE ATTACK BY BUYING MORE WAR BONDS

Bonds bought during this rally will be credited to the quotas of the respective towns and communities of Navarro County. Hon. Tom Tyson will be master of ceremonies.

Program committee for the rally will be under the direction of Mrs. W. H. Hastings, Mayor John C. Calhoun and County Judge E. D. McCormick.

Joe E. Butler is County Chairman of the Navarro County Third Bond Drive, with Fred H. Harvey, Jr., chairman of the Corsicana Third War Bond Drive.

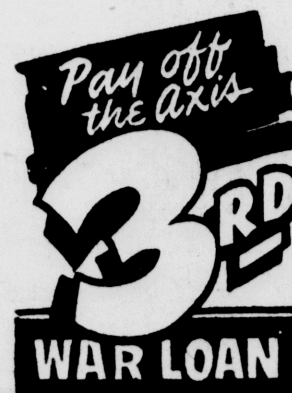

Make your plans now to be present for this event, and enjoy an unusual entertainment and at the same time participate in this program to sell Navarro County's quota of Third War Bonds.

Navarro County's Quota Is \$2,332,700.00

CORSICANA, TEX., SEPT. 24, 1943

COST OF AIR WARFARE

Considered purely as an investment, air warfare gets the most back for its money. Francis V. Drake, a pilot in the last war, has some striking figures in his newly published book, "Vertical Warfare."

Pearl Harbor, says Mr. Drake, inflicted \$2,000,000,000 worth of damage at a cost of \$4,000,000 in planes, or \$500 returned for every one spent. The sinking of the British battleships, the "Prince of Wales" and the "Repulse," which preceded and largely contributed to the fall of Singapore, meant a \$150,000,000 loss at an expenditure of \$500,000 in planes, a 300 to one return. In destroying seven per cent of German industry in 1942 the British air force lost 15,000 men. Twice as many were lost when Tobruk in North Africa fell in June, 1942.

There is more to war than its cost. But with expenditures going up to a point where only an astronomer can appreciate them, it looks as if there were an added argument for more and better air warfare.

SWEDEN AND THE WAR

The war is like a whirlpool sucking in everything near the edge. Sweden, which has tried hard to stay out, seems on the verge. First she cancelled the Nazi privilege of shipping soldier and war goods across her country. This means that they must go by water along the coast, with resultant danger from British flyers and submarines. Now Swedish ships have helped part of the Danish fleet to escape.

Both are anti-German acts, and resented as such by Hitler. At any time may come German sinking of Swedish ships, or the reverse, under the excuse of mistaken identity, with further strain on the fraying cord that ties the Swedes to neutrality.

Sweden may keep out of the war, but a prudent bettor would ask odds.

POLAND AND RUSSIA

The Russians have just made Zigmund Berling a major-general. This is noteworthy because Berling is not a Russian, but a Pole. He is commanding the Kosciuszko division of Polish soldiers in the Russian army, which hoped before long to fight the war on Polish soil.

Any sign of collaboration between Russia and Poland is welcome. With no natural fortresses such as mountain-ranges to mark off and guard their territory, the Poles lie defenseless between Germany and Russia. They cannot hope to antagonize them both.

They must make friends with one or the other, and the choice is plain. After all that the Poles have suffered from Nazi hands, to say nothing of the fact that German memories of conquest will remain, friendship between Poland and Germany is just one of the things that cannot exist for years to come. It must be Poland and Russia, Slavic nations both. While the Poles have suffered at Russian hands, too, they cannot keep up both enmities.

Appointments like Berling's do much to knit the friendship.

The strangest thing about the Nazis is their apparent determination to make all the rest of the world hate and despise them.

Edgar A. Guest

The Feet of the People

BOYHOOD MEMORY

The joys called memories seem to be gay pages in a book. On which in times of solitude a man may turn to look. And thumbing backward as he will among the crowded lot. He'll find a picture here and there he'd utterly forgot. Now there is this one, fresh as new: A boy of tender years being sent away from breakfast till he'd washed behind his ears.

That little fellow cannot tell, now he is turning gray. The reason he detested soap in that far yesterday. Nor can he say why washing seemed, back then, so grim a care. He shirked it every time he could when mother wasn't there. He only knows when he was small at breakfast, lunch or tea.

His mother looked him over to make sure that clean was he.

Strange picture this in memory's book forever to remain: "My son, have you forgotten? Must I speak to you again?" And then that small boy turning from the table wondering why his mother was so fussy when there sat no stranger nigh. And always that commandment, And following argument and tears: "Go back and scrub your knuckles and then wash behind your ears!"

All history deals with triumph and forgets the commonplace. There's not a line to tell us did young Caesar wash his face Or did his mother scold him as did mine and yours, no doubt. And when he came to supper did she make him turn about? Oh, I wonder in the records if the name of one appears Who was never sent from table till he'd washed behind his ears?

AMERICAN SHIPPING

Says the American Merchant Marine Institute: "War developments have indicated, and may continue to bring into prominence, the opening up of new trade routes out of the United States which will require the establishment of new shipping services. All such routes should be studied now and plans made for new American-flag services and tramp trades. Since these forms of shipping have absorbed large ship tonnage and offer many opportunities for trade penetration our national interests requires that we participate to a reasonable extent in such activities."

Certainly so! In the last war the United States government developed a great merchant marine and then let most of it lie rotting in American harbors. That must not happen again.

TOUGH DANES

It might be said truly that the high mark in national behavior so far in this war has been set by the stout little nation of Norsemens whom a correspondent calls "tough, rebellious Danes." This is not said in derogation of the British, who have surely earned their right to live and flourish for at least another century or two. But the Danes, completely encircled and apparently overmastered beyond help and hope, have nevertheless stood firm at great cost in assertion of their rights, and even when forced to yield outwardly, have never for a moment yielded in their hearts and their dignity. Morally they have stood superior to their would-be conquerors. They walk erect and show the world their contempt for their enemies.

They, along with the other free-souled men of Europe and the outer world, will benefit from their heroism as long as free men walk the earth. In the famous words of the Roman poet Virgil, in great tribulation, "Even these things will be pleasant to remember." For the present, their conduct when physically helpless has stiffened the whole Allied war.

A great statesman should be something of a prophet. England's greatest 19th century statesman, William E. Gladstone, must have foreseen the Nazis when he wrote, "National injustice is the surest road to national downfall."

Walter Lippman says people must agree about great issues. O. K., and now what about small issues to fight about!

Sure, there's a "second front." There will be a third and fourth, too.

The army trooping back to school is as important as the one in the field.

GHOST WRITER

J. FRANK WILSON, NATIVE CORSICANA, NEW DALLAS JUDGE

DALLAS, Sept. 22.—(AP)—J. Frank Wilson, 42, who has practiced law here 21 years, was unanimously elected special judge of criminal district court here today to occupy the bench of Judge Henry King who has been commissioned a major in the armed forces.

Election of Wilson was at a called meeting of the Dallas Bar Association members. Before the election Howard Bailey, who went to Austin Monday night with Bruce Graham as members of a bar association committee to urge Gov. Coke Stevenson to fill the court vacancy caused by the recent death of Judge Grover Adams, reported that the governor suggested the bar elect a special judge to serve in the absence of Judge King. If it is later found this special judge cannot handle the dockets of both courts the governor promised to fill the vacancy by appointment, Dailey said.

Later Judge Claude McCallum, presiding judge of this administrative judicial district, said lawyers he did not agree with the governor. He said under the law Special Judge Wilson does not have authority to handle any of the business of the other criminal district court. He said he had designated Judge Jack Thornton to act in Criminal district court temporarily. The bench to which Wilson was elected special judge is designated criminal district court No. 2.

Judge McCallum said he intended to consult with Governor Stevenson Saturday, point out the inability of Wilson legally to handle both courts, and urge his appointment of a successor to Judge Adams. If the governor still refuses, Judge McCallum said he would utilize the services of one of the local civil judges or bring in judges from out of the county from time to time.

Judge Wilson is a native of Corsicana and is the son of the late Mr. and Mrs. Jodie Wilson, who resided for many years on South Fifteenth street. The family left Corsicana while Judge Wilson was a young boy and moved to Memphis, Tenn., where Jodie Wilson owned a large ranch and where some of the family still reside.

4-Months Old Son of Dad in 36th Buys Bond

Thomas Allyn Haynes, four-months-old son of Sgt. and Mrs. T. G. Haynes, bought a \$25 war bond Saturday night out of the savings in his "piggie bank," to back his dad.

He says "we men over here have to stand behind our men over there." Although he has never seen his dad, he says he knows he is a grand guy, and encourages everyone to buy bonds to bring his daddy and all the other swell fellows overseas home soon, safe and victorious.

Sgt. Haynes is fighting with the 36th Division in the Italian invasion.

ANOTHER CASE OF DIPHTHERIA BEEN REPORTED IN CITY

Dr. F. E. Sadler, director of the Corsicana-Navarro County Health Department, announced Tuesday the diagnosis of another case of diphtheria in Corsicana, the second within a week.

Although he does not expect the cases to reach epidemic proportions, the doctor said his department was preparing to immunize all county school children. "About 90 per cent of all diphtheria cases are among children under 10 years of age," Dr. Sadler said.

The health department plans to give diphtheria shots to all school children in the county, two shots given a month apart, according to the doctor.

Son Born Tuesday to The Walter Lewises

Mr. and Mrs. Walter G. Lewis announce the arrival of a son, Walter Gray Lewis II, at the P. and S. Hospital on Tuesday afternoon at 2:30 o'clock. Walter G. Lewis, who is now a member of the U. S. Naval Forces, stationed at North Island, Calif., arrived in Corsicana on a week's leave several days ago. Paternal grandparents of Walter Gray Lewis II are Mr. and Mrs. A. R. Lewis and his maternal grandparents are Mr. and Mrs. A. G. Elliott.

NAVARRO COUNTY'S 4-H CLUB BOYS DO WELL WITH SWINE

Navarro county boys 4-H Club are proud of the record made in the Sears and Chamber of Commerce swine show at the Food for Freedom Exposition which closed Saturday night at the fair grounds, according to L. L. Bennett, assistant county agent.

E. M. Reegenyacht, swine husbandman, A. and M. College, and judge of the local swine show, told the club and FFA boys that the Navarro county pen was the best average exhibited among the six counties competing.

Robert Earl Way, Frost 4-H club, exhibited the grand champion, a five-month old Sears gilt. This gilt also won for its owner a seven-month old registered Jersey heifer, presented by Sears Roebuck Company.

John Lewis David, Navarro county 4-H club, Corsicana, showed the grand champion Duroc boar, which won for him a registered Jersey heifer calf, given by Sears Roebuck & Company. This was also six county competition including Limestone, Freestone, Anderson, Henderson and Ellis counties.

Kenneth Davidson, Embouse 4-H club, showed the grand champion gilt in the all-breed group sponsored by the Corsicana Chamber of Commerce. Kenneth showed a five-month old, 230-pound Duroc gilt, which took honors in her breed and also topped for grand champion, competing against other breeds in the same class.

Kenneth won a registered Jersey heifer donated by the Corsicana Chamber of Commerce. First place honors in the Chamber of Commerce Poland China breed went to Fred Ellett, Powell, for gilts under six months.

Penney Stores Are Selling Many Times Quota of War Bonds

W. H. (Bill) Smith, manager of the J. C. Penney Store here, was advised today that all the Penney stores sold \$2,335,816.85 in war bonds and stamps in a contest in July. The figure, Smith said, was four times the quota set at \$10,000,000 and five times the figure sold the previous year.

"In terms of war equipment, this means we have bought 500 fighter planes, 200 light tanks five destroyers, and five submarines for use by our fighting men," Smith said.

MAN CONFESSES TO KNIFE SLAYING OF CORSICANA GIRL

STEPPATHER OF MARY GILLIAN'S HUSBAND ADMITS KILLING GIRL

DETROIT, Sept. 22.—(AP)—Prosecutor William E. Dowling said a warrant would be sought today against Emory Richards, 51, who is being held by police in connection with the knife-slaying of Mrs. Mary Gallian, pretty 15-year-old bride of an army officer.

A detailed and signed confession, the prosecution said, was obtained from Richards last night after day-long questioning by police. Dowling said that according to the confession, Richards, stepfather of Mrs. Gallian's husband, Second Lieut. James Gallian, stationed with a military police unit at Washington, attributed the slaying to rage over belief she was to blame for "breaking up my home."

Mrs. Gallian, daughter of Mr. and Mrs. Ernest Lee Mash of Corsicana, Texas, was living at the home of her mother-in-law, Mrs. Violet Richards, who was estranged from her husband.

Richards, according to Dowling's version of the confession, said he went to the estranged wife's home for a bathing suit and to "have a talk with Mary." He followed her into the basement when she handed him the suit and said, "Here it is—now get out," and pushed him. Richards stated, He became angry and pushed her against a wall and "threw her down on the floor and tried to choke her." Dowling said Richards told him.

Mrs. Gallian protested, "you can't do this to me. My husband will get you for this."

Plunged Knife Into Throat. Richards stated he took a piece of cloth and wound it around her neck and tied a knot, but when she showed signs of consciousness, he seized a butcher knife and plunged it into her throat.

Richards said he dragged the 110 pound bride's body into a basement lavatory. Then turned on the hose and wiped up the floor with some rags. The body was discovered by Mrs. Richards when she returned from work at the Hudson Naval Arsenal.

Police said there was evidence that the woman had put up a struggle. There were two tiny scratches on Richards' face and several on his back and shoulder.

The autopsy performed yesterday showed that Mrs. Gallian's death had resulted from the cutting in half of an artery and the severing of the right external jugular vein.

Had Made Advances. Lieut. Gallian, 21, said his wife had written him a few weeks ago that Richards had made improper advances toward her and that she planned to return to her folks in Texas when he went overseas again.

He said that "Mary and my mother got along fine, but the attentions of Richards bothered her." He said "I knew he hated her. But I can't believe he would do this. I just can't believe it."

Lieut. Gallian, who has been in the army since 1938, met the former Miss Mash while she was vacationing in Florida in 1942 and they

CORSICANA BRIDE SLAIN

Mrs. Mary Gallian (above), pretty 18-year-old bride of an army officer and formerly of Corsicana, Texas, was found dead in her mother-in-law's home at Detroit. Police said she had been strangled and her throat slashed. Her husband's stepfather is alleged to have confessed her slaying.

were married there in June of that year. He had been studying government and civil administration at Washington preparatory to going overseas for the fourth time.

Roane Girl Appears On College Program

BEILTON, Sept. 22.—(Spl.)—Miss Glenna Faye Curry, daughter of Mr. and Mrs. Glen Curry, Roane, was recently presented to the student body at a special chapel service at Mary Hardin-Baylor College given by the Baptist Student Union. Miss Curry, who is a junior at Mary Hardin-Baylor, serves as Young Women's Association representative on the Baptist Student Union council.

Howard Jackson of Powell Gets Degree

DENTON, Sept. 21.—(Spl.)—Among the 24 inter-session graduates of the North Texas State Teachers College is Howard Jackson of Powell, who was awarded the Bachelor's Degree.

Three-hour courses in economics, education, English and government were offered during the three-weeks' intercession which terminated the North Texas State school year.

WAR MOBILIZATION BOARD MAKES PLANS FOOD PRODUCTION

WASHINGTON, Sept. 23.—(AP)—Plans for stimulating food production abroad so this country will not have to feed the world have been perfected by the War Mobilization Board and are now on President Roosevelt's desk.

Announcement of the global work to be undertaken may be forthcoming by this week-end, along with an executive order designating which federal agency is to administer the huge program.

The job may go either to the Office of Economic Warfare or to the agriculture department. The State Department probably will have general supervision insofar as foreign policy is concerned. Eventually the program likely will be integrated into some United Nations organization in line with the allied policy of sharing international responsibilities. Agricultural experts here said the main work of promoting production abroad is divided into three steps: First, deciding where fertile lands and labor may be found; second, guaranteeing markets for the produce; and third, making available the services of scientists and other men with "know-how" as well as some machinery and seeds where needed.

The cost is not expected to be great since nations benefitting from increased production probably will be able to pay for the food they get.

While some American producers may fear foreign competition, the advocates of foreign production say the United Nations Food Conference at Hot Springs last summer developed proof that the world never has had enough food and the problem essentially is not one of production but one of distribution.

JUDGE McCORMICK ATTENDING MIDLAND SESSION OF JUDGES

E. D. McCormick, Navarro county judge, left Corsicana late Wednesday for Midland to attend the state convention of the county judges and commissioners association. A member of the state-wide post-war economic planning commission, recently appointed by Governor Stevenson, Judge McCormick was slated to appear on the program and in conference Thursday and Friday representing the planning commission. It was stated. Judge McCormick plans to return Saturday. He had not planned to attend the convention until an urgent telegram was received from Gilbert Smith, president of the West Texas County Judges and Commissioners Association, asking him to represent the planning commission. Judge McCormick is immediate past president of the North Texas County Judges and Commissioners Association, and is a member of the legislative committee and executive committee of the state organization.

POST-WAR TRAINING—Discussion of problems and plans of concern to the oil industry and post-war planning will be taken up at the 24th annual convention of the Texas Mid-Continent Oil and Gas Association opening Wednesday, Oct. 13 in Fort Worth, according to J. L. Collins (above), vice-president of the association. Speakers who have accepted invitations to appear on the program include Eric Johnston, president of the United States Chamber of Commerce; Governor Coke R. Stevenson; Wirt Franklin, deputy petroleum administrator to Harold L. Ickes; John D. Gill, committee chairman on the Petroleum Industry War Council; and George Sawtelle of Houston, president of the Association.

SPECIAL HELP FOR LIVESTOCK, DAIRY INTERESTS ASKED

WASHINGTON, Sept. 23.—(AP)—Special steps to help farmers in 22 drought-stricken counties—22 of them in Texas—main production of livestock and dairy products were announced by the War Food Administration (WFA).

The drought area was designated yesterday as covering the state of Arkansas, most of Oklahoma and contiguous counties in Texas, Kansas, Missouri, Tennessee and Mississippi.

Feed users in the area will be given preference by the Commodity Credit Corporation in orders for government-owned feed wheat, soybeans from the 1943 crop will be shipped by the CCC into the area for crushing as soon as available; and hay buyers in the area are urged by the WFA to discontinue purchases intended for shipment to other areas.

A program of additional credit facilities for farmers needing financial assistance is included among other steps now being planned, WFA said.

The Texas counties: Wichita, Archer, Young, Throckmorton, Stephens, Eastland, Comanche, Erath, Palo Pinto, Jack, Clay, Montague, Wise, Parker, Hood, Somervell, Johnson, Tarrant, Denton, Cooke, Dallas, Kaufman.

GINNERS MAY RAISE THEIR PRICES NINE DISTRICT TEXAS

DALLAS, Sept. 23.—(AP)—Approximately 2,000 ginnermen in nine districts of OPA region five may raise their prices, the Office of Price Administration here estimated in announcing a new alternative ceiling price system.

The new ceiling order, effective immediately, permits the ginnermen to raise their prices to the average of all the prices of cotton gins within their particular districts.

Ginnermen whose prices were higher under the previous regulation than under the new average system may continue to use the higher prices, the OPA regional office announcement said.

The alternative ceiling price by districts, as released by OPA included:

Districts—	Seed Basis Lint Basis	Per Cwt.	Per Cwt.
Lubbock	351-2c	\$1.02	1.18
San Antonio	351-2c	1.00	1.18
Fort Worth	351-2c	.88	.91
Dallas	351-2c	.88	.91
Houston	351-2c	.88	.91
Shreveport	351-2c	.88	.91
Little Rock	351-2c	.88	.91

EIGHT INDICTMENTS RETURNED BY GRAND JURY WEDNESDAY

Eight indictments were returned late Wednesday by the July term grand jury as it made its report and was finally discharged by A. P. Mays, district judge.

The grand jury had been in session to days, had examined 29 witnesses, returned ten indictments and voted no "no-bills." The written report complimented officers and officials of Navarro county on "capable and faithful" conduct of county affairs.

The report was signed by N. Suttle Roberts, foreman; Sydney Marks, secretary; C. A. Bruner, J. I. Immon, Sylvan Stucker, G. H. Campbell, F. L. Hulan, W. H. Beeman, E. D. Smith, B. H. Wheeler, R. E. Bush and J. Harry Burke.

Indictments returned Wednesday were Florence Daniel, murder, in connection with the fatal shooting of R. G. McCoy, August 14; Will Gafney, assault with intent to murder; A. D. Crowder, burglary; and Donald Douglas, alias Pete Douglas, theft of cattle (five cases).

Announce Change Officer Personnel

Second Lieutenant Seymour I. West of the Kelly Field Supply Division in San Antonio has reported at Corsicana Field to replace First Lieutenant Marshall A. Search as commanding officer of the air depot detachment, according to announcement by Lt. Louis Renfrow, public relations officer.

Lt. West was commissioned in April of this year at Yale University. His home is at East Orange, N. J., and he is single.

GEORGE C. PURL, FORMER SENATOR, DIED IN DALLAS

DALLAS, Sept. 23.—(AP)—Former State Senator George C. Purl, 51, leading figure in abolishment of the fee system by which certain county officials once were paid, died in a hospital just before last midnight. He had been ill for some time.

Purl received his interest in politics from his father, Henry C. Purl, who served for 40 years as a peace officer in Williamson county, where the former senator was born. He moved to Dallas in 1909 and completed his high school education here. He enlisted during the first World War and served in the 87th Division. After the conflict he returned to take an active interest in service men's affairs and politics and began the practice of law.

He was elected state representative from Dallas county in 1922 and served four terms. He served two terms as state senator, beginning in 1930.

He is survived by the widow and four children, Patricia, Bobbie Bernice, George Clark Jr., and Mary Katherine; four brothers, Ray and Edgar of Georgetown, Capt. D. S. of the U. S. army, Thomas of Dallas; and five sisters, Mrs. H. W. Heffer and Mrs. R. Earle Van Horn of Dallas, Mrs. F. P. Robinson of Arlington, Va., Miss Annie of Georgetown, and Mrs. J. I. Barnes of Taylor.

Today Is Axis Pay-Day— Are We Square With Them?

*The Axis has a lot to be paid for
Let's bury them in bonds*

Pearl Harbor—dear God, can such quiet
And so soft a dawn crash into torture and sheer hell?
Men and women sleeping, or at early worship . . .
Children stirring in their beds . . .
Proud ships resting on still water . . .
Graceful planes at peace in dewy grass . . .

*Japanese! With what terrible contempt they came,
Scornful of the sleeping might of America
That would rouse over the torn and hurt bodies,
The still and pitiful bodies of her children.
Are YOU square with Pearl Harbor?
Speak your answer with a bond—a BIG bond.*

Manila—Bataan—Corregidor.
Don't bow your head in memory!
Clench your fists . . . Your blood should boil.
These terrible and tragic defeats are yet to avenge!
Little Japanese shaming your brothers and sons!
Rapacious little men strutting and swaggering in victory!
Are you square with Manila—Bataan—and Corregidor?
Buy a bond!—are dollars so dear to you
You'll keep them out of the fight? It's Axis pay-day!

*Lexington, Cassin, Yorktown, Downes,
Hornet, Wasp, Houston, Chicago . . . Remember?
This is Axis pay-day . . . pay them with a vengeance.
How CAN you say you are doing your part
While YOUR DOLLARS lie idle in our hour of trial?
Dig down, dig IN, patriots, to pay the Axis off.
Let this day—WITH YOUR HELP—MAKE HISTORY.*

It's EASY to Buy BONDS

You don't have to go through red tape to buy a War Bond. Walk into any store or other "issuing agent." Give your name and address, lay down your money. A form will be filled in and in no time you walk out with YOUR bond—proof that you're in the fight backing up our men at the front. A bond that cashes in for \$25 in 10 years costs you only \$18.75, a \$50 bond costs \$37.50, a \$100 bond \$75, a \$1000 bond costs you \$750. If you need it, you get your money back earlier—with interest. Buy now for a better future.

Are You a Side-Liner?

Are you in this war with both feet and your whole heart, or are you fighting a dabby little indifferent war with only part of your heart and resources? If all of America could be aroused to press forward with the same spirit our fighting forces show, the world would rock with America's redemption of her old birthright—the land of the free and the home of the brave! How brave are you in your bond purchases? Brave enough to buy another today?

★ Persisting German and Japanese dispatches say Americans are slacking their fight at home—holding and loving their dollars needed to fight the war. "America will have devastating inflation," they say, for Americans love their cash more than their country. Let's pay off the Axis by buying bonds—and get our money back with interest. Tomorrow, let the news declare that AXIS PAY-DAY was a great success—for AMERICA! Be sure to buy a bond today.

HEALTH, BEAUTY AND POISE

HOW TO IMPROVE YOUR PERSONALITY
By VERONICA DENGELO

V. D.'S COMPLEXION DIET.

Summer may have played havoc with your complexion—or perhaps you are one of those foolish year-round sufferers from pimples, acne, blemishes or what have you. Keep your complexion up to date—and use this diet.

Upon arising each morning, drink 6 ounces of warm water to which has been added a half teaspoonful of lemon juice.

Breakfast.
Choice of apricots, prunes, Raisins. These should be lightly stewed and sweetened only with honey, if necessary.

If you are not reducing: You may add to these a whole grain type of cereal or take the cereal afterwards. Cream and honey may be added.

Twice a week—at three day intervals—use a full, 8 ounce glass of orange juice in place of the prunes.

Glass of buttermilk—or cup of strawberry tea, not too hot.

Mid-Morning.
Vegetable juice cocktail of spinach and parsley and a bit of lemon juice. Use about 4 ounces

of spinach juice and 2 ounces of the parsley juice. This must be made from the fresh vegetables—and not used when it is more than ten hours old. Keep covered and cold.

Luncheon.
Vegetable broth—let cool a bit. Or tomato juice, cold. It would be well to alternate these. Stir vegetable salad—using all types of leafy, green vegetables, as well as shredded raw carrots, cabbage. If no cereal has been taken in the morning—One baked potato or one slice of whole wheat bread, or brown rice (practically no butter).

Dinner.
Dessert of stewed pears—preferably unsweetened type—or stewed apricots. Cup of strawberry tea—not hot, or half a cup black coffee—not hot.

Mid-Afternoon.
Vegetable juice cocktail of 3 ounces beet juice, with 3 ounces grapefruit juice or raw pineapple juice.

Dinner.
Tomato juice or vegetable broth or raw vegetable salad as above—very the combinations of vegetables.

Only fruit juice as dressing on these salads.

Two cooked vegetables—steamed. No butter, but a little vegetable oil. Lots of carrots, celery, cabbage.

Use meat only three times during week, having it broiled or roasted, not fried. Use only lamb or beef.

Dessert of raw, acid fruit—just warm.

Information From Navarro County Rationing Board

Authorization to issue gasoline for the purpose of transporting football players on regular scheduled games between recognized schools has just been received by the Navarro County War Price and Rationing Board, according to announcement by Chairman of War Price and Rationing Board, W. B. Wright, Wednesday. This applies only to the players and not to other organizations or fans.

Blue stamps X, Y, and Z in War Ration Book Number II are valid for the purchase of processed foods from October 1 until November 20.

Transportation Problem.
Beyond the gasoline and rubber shortages—troublesome as they are—looms another and probably even more serious complication of the transportation problem, the apparent impossibility of replacing existing passenger motor vehicles in the face of the soaring war production program, it is pointed out by the Industry Relations Section, Gasoline Rationing Branch of OPA.

Today, of ten typical industrial workers, seven get to their jobs by private automobiles, two use public transportation, and one walks. At one aircraft factory 92 percent of the 50,000 workers must use private cars.

In all, 80 per cent of our transportation task is performed—and must continue to be performed—by privately owned, rubber-tired vehicles. Public transportation facilities, staggering under their wartime load, cannot possibly assume the added tasks.

Rubber Situation.
Public attention intensely fixed on the urgent gasoline and rubber shortages, also should be focussed on this other serious aspect of the nation's transportation problem.

In order to encourage the full use of supplies of farm service tires in vital food production used tractor and implement tires are being removed from rationing, according to the Washington Office of Price Administration.

Present regulations requiring a rationing certificate for new and used tractor tires has held back the desired flow of used farm service tires from dealer's stocks with farmers who obtain certificates preferring to buy a new rather than used tire. Removal of rationing restrictions is expected to move used tires into service.

Ceiling Prices.
New community ceiling prices have been received by the local rationing board, it was announced today by Chairman Wright.

Wright said the new publication is a condensed version of the first list. While not complete as to all items, it lists all the foods most commonly purchased, he stated. "The proper copy of this list of prices must be posted in every store selling any of the items listed," Wright said. "Copies will be distributed to all dealers who can be reached, but every food dealer in Navarro County is advised to secure sufficient copies for posting."

Sufficient copies are available for individual consumers who wish to consult the official list of prices, Wright said. These may be obtained from the Navarro County War Price and Rationing Board at the Kerr Building on North Main or a copy will be mailed to anyone requesting it.

Rationed Stoves.
Enough rationed stoves will be made available to care for all essential needs, residents of Navarro County were assured today by Chairman Wright, who said that applications received since the start of general stove rationing August 24 already approach the local board's quota for the first period.

Rationing of most types of domestic heating and cooking stoves

PACIFIC WAR CONTINUED FROM FIRST PAGE

New Georgia, American jungle troops destroyed enemy troops and reinforcements on the island's North shore and also on nearby Aaga Karana Island to move within artillery shelling distance of the Japanese garrison at Vila across Blackett Strait on Kolombangara. The Japanese guns at imperiled Vila immediately opened fire.

Sixty miles northwest of Lae at Kalpit, which airborne Australians captured Sept. 18, headquarters disclosed that a Japanese patrol of 200 was encountered the night of the transport landings. The Aussies killed 120 of the enemy and routed the others.

Widespread Air Blows.
Widespread air blows of the allies augmented the latest ground operations. In the Madang sector northwest of Finakhen, the allies attacked disrupted coastal supply road took a new pounding Tuesday which doubled the bridges destroyed to eight.

Across Dampier Strait from Finakhen, Liberators dropped 50 tons of bombs on the airfield at Cape Gloucester, New Britain, and other planes raided the airfield at Gasmata.

In the New Ireland vicinity, reconnaissance bombers sank a 5,000-ton enemy ship, sank a 1,500-tonner and bombed two other vessels.

In the Solomons, 40 American divebombers sank a Japanese transport ship, sank a 100-tonner and bombed two other vessels.

The Japanese air force caused slight damage and casualties with 18 fighter-escorted bombers which attacked allied positions in the Watut Valley inland from Lae in New Guinea and also minor damage in a six-plane bombing-strafing raid early Monday on Guadalcanal in the Solomons.

Carrier-Land Planes Team Up
PEARL HARBOR, T. H., Sept. 23.—(P)—For the first time in the Pacific War, carrier planes and heavy land-based bombers have teamed up in a smashing offensive against Japanese island possessions.

This was disclosed by Admiral Chester W. Nimitz, in amplified reports on operations the night of Sept. 18 and throughout the day Sept. 19 against enemy installations in the Gilbert Islands area. Land-based planes from both the South Pacific and Central Pacific joined with carrier planes in making more than 200 sorties over a 500-square-mile area against islands near the Equator about 2,400 statute miles southwest of Hawaii.

In a communique yesterday, Admiral Nimitz also disclosed that these attacks took in Makin and Apamama Islands as well as Ta raw and Nauru as reported earlier.

Air Awards.
NEW DELHI, India.—(Delayed)—The United States Air Force based in India has announced a number of awards in recognition of gallantry.

Capt. Elmer L. Tarbox, Higgins, Texas, awarded the Air Medal for meritorious achievement while participating as a pilot in a bombardment squadron. Capt. Tarbox completed a tour of 100 hours flying time on combat missions during which exposure to enemy fire was probable and expected.

Oak Leaf Cluster to the Air Medal.

Robert P. Currie, first lieutenant, 1510 Johnson street, Big Spring, Texas.

Jap Morale Propaganda.
NEW YORK, Sept. 23.—(P)—Tokyo broadcasts today, the office of war information said, indicated that Japanese propaganda have begun an intensive campaign to rally their people behind the newly announced program to mobilize the nation's fighting spirit.

The controlled Tokyo press, automatically reacting to the premier laid down by Premier Hiroto in a radio speech yesterday, issued simultaneously appeals to the Japanese people to back up the government, the broadcast stressed.

Despite this large outburst, the nation's labor power be mobilized to the utmost and that the airplane and munitions output be increased.

CHUNGKING, Sept. 23.—(P)—Clashes between Japanese soldiers and puppet Chinese police in the great China City of Hankow has led to a rally of the martial law on that city, dispatches said today.

which burn coal, wood, gas or oil was made necessary. Wright pointed out, because nearly all large stove manufacturers have converted their factories to the manufacture of implements of war.

Despite this large outburst, the nation's labor power be mobilized to the utmost and that the airplane and munitions output be increased.

Grant Extension.
The period during which dealers and distributors may surrender certificates to their suppliers for rationed stoves that were contracted for before September 15 has been extended for an additional 15 days—through September 30, Washington advises. This will give them an additional 15 days to get inventory certificates from local rationing boards and submit them to suppliers.

Some dealers and distributors who filed registration statements with local board on September 1, 2, and 3 have not yet been issued their inventory certificates and it is expected they now will be issued in time for these dealers and distributors to forward them to their suppliers by September 30. The time extension does not authorize the granting of "certificate credit" beyond September 15; it was pointed out.

REP. JAMES CURLEY POSTED BOND MAIL FRAUD CHARGE CASE

WASHINGTON, Sept. 23.—(P)—Representative James M. Curley (D-Mass.) posted \$2,500 bond in federal district court today preparatory to arraignment next Monday along with five other defendants on a mail fraud charge.

Curley, former governor of Massachusetts and former mayor of Boston, appeared alone at the clerk's office.

The congressman and the other defendants were indicted by the district grand jury last Monday for what the Justice Department described as a "government war contract brokerage racket."

They were listed as officers of Engineers Group, Inc., and were charged in the indictment with misrepresenting their ability to obtain war contracts.

Others named in the indictment included Bertram Hall of Dallas, Texas.

AIR ACTIVITY
CONTINUED FROM FIRST PAGE
ways north and south of a bridge crossing the Volturno river south of Amorosi and one string of roads was seen to hit the bridge itself.

Roads at Mignano, 40 miles northwest of Naples also were blasted and all avenues of traffic in that area were severed, at least temporarily.

Sharp-shooting American B-25 Mitchells were called upon for pinpoint bombing of key bridges and highway bottlenecks well behind the German lines.

Other attacks on enemy shipping were carried out by B-25 Mitchells which blasted at Nazi vessels attempting to evacuate German troops from Bastia, in Corsica to Italian ports. Two ships were left smoking and listing and hits were scored also on a barge and an escort vessel.

The tenth day of wide sweeps by the tactical air force and the fighter opposition, but heavier flak was encountered over some of the targets.

Recent Reunion of Layton Family in Waco Enjoyable

Mrs. Robert Layton of Waco, who spent the week end in the home of her sister, Mrs. Joe Runton, reports an enjoyable reunion of the Layton families at her home recently.

Among those in attendance were Mr. and Mrs. Arthur Layton of Des Moines, Iowa, and their daughter, Mrs. Sam Bailey, and husband of Tyler; Mr. and Mrs. Carl Bergman of Laredo, Texas; Layton of Tyler, Robert Layton of Houston, Texas, and Mr. and Mrs. Robert Layton of Midland were unable to attend the reunion.

RUSSIAN CONTINUED FROM FIRST PAGE

On the Kiev salient, capture of the village of Lyeshki, 18 miles northeast of the Ukrainian capital, brought the church spires of the city within view of the advancing Russian forces.

On other sectors along the crumbling front, the Soviet forces were reported to have scored gains of 12 to 15 miles, winning back 864 hamlets and villages from the invaders.

Nearing Dnieper River.
MOSCOW, Sept. 23.—(P)—The advancing Red army, surging forward along the entire Dnieper river front, was within clear view of the river along which the Germans are believed to have their main defenses in Russia, front line dispatches said today.

Advance guards of the Soviets are within five miles from the Dnieper at some points with several Red army forces closing in methodically on the two Nazi bastions of Kiev and Smolensk.

There is an atmosphere of expectancy in Moscow, with some of the greatest victories of the war appearing to be at hand.

Direct Phone Service.
WASHINGTON, Sept. 23.—(P)—Direct telephone service has been established between New York and Moscow.

This became known today with the filing of a tariff with the Federal Communications Commission by the American Telephone and Telegraph Company.

The cost of a call between New York and Moscow is on the basis of \$21 for three minutes.

THE WAR TODAY
CONTINUED FROM FIRST PAGE
or detract from the latter's command. It might easily be, however, that the staging of the Burma show, which will call for the massing of vast striking-power in the Indian theater might temporarily deprive the general of resources which he would like for his own offensive.

Be all that as it may, the Allied high command says the Burma show is in to go forward.

Eviction of the Japanese from their position in the Burmese jungles represents a vast operation. It calls for an amphibious expedition which will tax allied resources if its undertaken before the end of the European war, as we are led to believe is the intention.

Perhaps MacArthur's own operations might be delayed by this, though one would hope that he might see both offensives going at once, thus placing the Nipponese in a vise.

It's about 5,000 miles from the Indian theater to New Guinea where General MacArthur has been doing such grand work, and that's a long, long trail for any one headquarters to cover.

Irish moss was imported from Ireland in the middle nineteenth century and used in the belief that it cured tuberculosis.

ITALIAN CONTINUED FROM FIRST PAGE

admitted "a dent made by the enemy in our positions near Contursi" but claimed the break was "cleaned up in counter-attacks. The enemy has brought up fresh forces in the eastern sector of the front without, however, so far commencing an attack."

Report Capture of Contursi.
(Contursi is between Acerno and Avigliano and apparently somewhat to the rear of the new allied line.)

(The BBC in a broadcast recorded by NBC, said the American Fifth Army had captured Contursi, 28 miles southeast of Salerno.)

North and northeast of Salerno, however, the Germans were putting up a stiff and stubborn battle on the direct, shoreline route to Naples and little advance was made.

With the first phase of the battle of Italy, which took place at Salerno, over, both our forces and the Germans are in the same positions as boxers sitting in the corner preparing for the next round.

Granzini Defense Minister.
LONDON, Sept. 23.—(P)—The Berlin radio said today in a Rome dispatch that Marshal Rodolfo Grazini had become minister of defense in "the new Fascist government" headed by Benito Mussolini as premier and foreign minister.

Liberators Bomb Airdromes.
CAIRO, Egypt, Sept. 23.—(P)—American Liberators bombed Maritz airdrome on Rhodes and Elefsis airdrome at Athens, Greece yesterday, an air communique announced today.

BUY A BOND—SEE A GOOD SHOW—The multistarring film, Stage Door Canteen, will be shown for one night only at the Palace Theatre, Corsicana, Wednesday, Sept. 29. Purchase of a War Bond from the American Theatre is the admission. Bonds bought elsewhere will not be accepted. A few of the many stars appearing in Stage Door Canteen are shown above: Group 1, Gypsy Rose Lee, Benny Goodman, Ed Wynn; 2, Cheryl Walker; 3, Merle Oberon; 4, Benny Goodman; 5, Gertrude Lawrence; 6, Katharine Hepburn; 7, Katharine Cornell; and 8, Xavier Cugat. These are a few of the forty-eight stars of stage, screen and radio who appear as themselves, performing various duties of entertainers, hostesses, busboys and food servers in New York's popular rendezvous for servicemen, which is the setting for the feature picture "Stage Door Canteen." You can secure tickets for this show now, with the purchase of a \$25.00 War Bond at the Palace Theatre.

WARREN ATHERTON, NEW LEGION HEAD, CAME UP HARD WAY

OMAHA, Sept. 23.—(P)—Warren H. Atherton, Stockton, Calif., lawyer, elected national commander of the American Legion today, came up the hard way. He entered the army in the first world war and came out a captain.

He studied law by correspondence and in an attorney's office before gaining admittance to the California bar.

The 51-year-old commander, a native of San Francisco, served in many offices of the local Legion Post at Stockton before becoming department commander in California, national executive committee member and finally national commander.

Prime objective of the American Legion now, he says, "is to use its cross section of American people to make the adjustments necessary to bring the maximum efficiency out of manpower."

He believes a universal service act—long sought by the Legion—is the best method of achieving that goal.

Next in importance from a Legion standpoint is Atherton's opinion is the setting up of machinery to "properly handle the rehabilitation of returning veterans."

He believes in compulsory military training for both young men and women in peace time, adding that it is his opinion that "we have been precipitated into two world wars because the enemy has underestimated the strength of the United States."

The plan announced recently by President Roosevelt as a contemplated program for returning soldiers "is practically a reiteration of the plans approved by the American Legion," Atherton said. "We welcome his influence and support."

Atherton enlisted as a private in Co. D, 363rd Infantry, 91st Division, Oct. 7, 1917, for service in the first world war. Three months later he was commissioned a first lieutenant. Sent overseas a few months later he was promoted in February, 1919, to captain of ordnance. His two sons, Holt and Sandy, now are in the Army Air Corps.

For information, call 281.

IN UNIFORM

Cpl. Morris A. Holloway, 21, son of Mr. and Mrs. A. B. Holloway, Rt. 5, Corsicana, has arrived at West Texas State College, Canyon, Texas, for course of Army Air Forces instruction lasting up to five months prior to his appointment as an Aviation Cadet in the Army Air Forces. During this period he will take numerous academic courses, as well as elementary flying training. Upon completion of his college training he will be classified as a pilot, navigator or bombardier and go on to schools of the Training Command for training in these specialties.

Mr. and Mrs. M. J. McClure have received word that their son, Lt. Robert W. McClure, has been promoted to the rank of First Lieutenant, at his station in the Oahu Islands, Hawaii. Lt. McClure has been overseas since last spring and received training at Fort Benning, Georgia, and Camp Roberts, California, in the United States. He served in Panama with the armed forces for eighteen months before receiving his commission at Officers Candidate School in Georgia.

A pilot of a Thunderbolt fighter, First Lieutenant Gulick Robinson, son of Mrs. Nettie Robinson, is stationed at Biggs Field, Texas. Mrs. Robinson also has a son in the Navy and another, a civilian, at the Midland Army Base. The squadron of Thunderbolts, to which Lieutenant Robinson is assigned is the first to be attached to the 20th Bomber Command for training with four-motored Liberator bombers.

R. M. RILEY DIED EMHOUSE THURSDAY; RITES ON FRIDAY

R. M. Riley, age 70 years, died at his home in Emhouse Thursday morning. He had been engaged in the mercantile business at Emhouse 37 years.

Funeral arrangements are not complete but will probably be held some time Friday.

Surviving are his wife, Emhouse; a son, M. Knox Riley, Corsicana; a daughter, Mrs. A. H. Williams, Dallas, and other relatives.

Sutherland-McCammion is directing the arrangements.

It is estimated that 400,000 Germans and Austrians left the Reich because of oppression between 1933 and 1939.

One was fined for assault and vagrancy by Judge A. E. Foster.

Wanted
Five teachers for rural aid salary schools. Only teachers with valid certificates need apply. J. C. Watson, Phone 635.

HEALTH DEPARTMENT OF TEXAS IN WARNING ON COMMON COLD

AUSTIN, Sept. 23.—(Spl.)—With the advent of fall and the attendant seasonal changes of weather, common colds become much more prevalent and widespread in the state.

Dr. Geo. W. Cox, State Health Officer, has issued a warning against the careless treatment of any respiratory illness since they can and frequently do result in the dreaded complication, pneumonia. He emphasized the fact that pneumonia usually strikes with little or no warning, following a simple cold, an attack of influenza or some other respiratory infection.

"A cold or any other infection of the breathing passage, especially if accompanied by fever, demands the immediate attention of a doctor," the state health officer said. "To try to fight such a disease without bed rest and by means of self-medication may endanger life unnecessarily."

According to Dr. Cox, prevention is better than cure and in order to avoid colds, influenza, and pneumonia he advised building up normal physical resistance by sufficient ventilation, adequate nourishing food, outdoor exercise and sufficient sleep and rest. "However," he added, "in spite of such care, a respiratory illness develops, the patient should be called immediately."

The fact that pneumonia is definitely a communicable disease is often overlooked, Dr. Cox stated, but this should be borne in mind, so that the danger of passing the disease from one person to another can be eliminated.

YOUTH FELLOWSHIP ORGANIZATION MET TUESDAY EVENING

Fifty young people representing the different churches in the Corsicana Youth Fellowship organization of the Methodist church met at the North Corsicana Methodist Church Tuesday night.

It was the first fall meeting of the organization. The worship program was given by the young people of the church at Rice after which a business session was held at which time reports by two young people who had been sent to the Young People's Conference in Georgetown gave reports of the meeting.

The group voted to hold the next meeting which would be the annual Christmas party at the Eleventh Avenue Methodist Church the third Tuesday in December.

The host church, Rev. Clyde Pittman pastor, had the largest number of young people present with the Central Methodist Church, Rev. D. R. McCauley the pastor, the second largest number present.

Refreshments were served by the Young People of the First Methodist Church with games under the sponsorship of the same church.

WILLIE CLYDE CROSS DIED SUDDENLY IN BLOOMING GROVE

Willie Clyde Cross, aged 53 years, died suddenly at his home in Blooming Grove Monday night.

Funeral services are pending the arrival of two soldier sons. Burial will be in Justin, Texas.

Cross, manager of the Blooming Grove telephone exchange, resided at Waldo, Ark., prior to assuming the management of the exchange last June.

Surviving are his wife, Mrs. Bessie Cross, Blooming Grove; two daughters, Mrs. K. K. Kidd, Whitney, and Mrs. J. L. Crews, Fort Worth; three sons, Leonard F. Cross, Fort Worth; Cpl. Ernest W. Cross, Camp Crowder, Mo., and Lt. John O. Cross, Midland, Air Field, Midland, Texas; father, G. W. Cross, two sisters and three brothers, all of Altus, Okla.

McCormick Funeral Service is directing.

Compiles History Of North Corsicana (Zion's Rest) Church

W. A. Dobbin said Thursday that he had completed a history of North Corsicana (Zion's Rest) Methodist church and had placed the manuscript in the parsonage of the church on North Beaton street for those who desire to read it.

In compiling the history of the church Mr. Dobbin said that he had made an exhaustive search of records, had talked with many old-timers and had consulted files of newspapers over a long period.

MISSING IN ACTION—Maj. Richard D. Salter, son of Mr. and Mrs. Thomas D. Salter, Emhouse, is missing in action in the Asiatic area since Sept. 11, according to a telegram received Wednesday from the War Department by his father.

Maj. Salter, U. S. Army Air Forces, is credited with sinking a Japanese destroyer at Kiska on October 19, 1942, and has taken part in other major air battles. He was wounded in action and returned to the States for medical attention. He spent part of his leave with his parents at Emhouse and returned to action later. A graduate of the Emhouse high school, he later attended A. and M. College. Salter was accepted as a flying cadet at College Station on April 11, 1940, and assigned to Allen Hancock College of Aeronautics at Santa Maria, Calif., where he completed his primary training. He finished his flight training at the U. S. Air Corps School at Stockton, Calif. No details were given in the telegram received Wednesday by his father from the War Department which stated that he would be notified of further developments.

Denison Teacher, Former Corsicanan, Resigns Due Health

DENISON, Sept. 22 (Special).—Otis L. Hillard, member of the Denison High School faculty for seven years and former teacher and debate coach in Corsicana High School, has resigned because of ill-health and gone to Denton to make his home. He coached a Denison debate team which won the state championship in 1937.

CITY COMMISSION VOTES PURCHASE OF \$25,000 WAR BOND

City commission Tuesday voted to purchase another \$25,000 series G war savings bond from a surplus in the water fund in Navarro county's drive towards its \$3,082,700 goal in the Third War Loan campaign.

The series G bond, second bought by the city out of water funds for a reserve, bears 2 1/2 per cent interest and matures 12 years from date of issue. It brings to \$175,000 and amount of war savings bonds purchased out of city surpluses, a total of \$125,900 in bonds previously having been bought out of the interest and sinking fund.

Salaries Raised.
Further action taken by the commissioners included the transfer of \$1,500 from water funds to street funds, and raising the salaries of Miss Kate Dunn, tax assessor and collector, and Mrs. Nelle B. Jones \$15 a month during the campaign for the collection of delinquent taxes.

All four commissioners attended Tuesday's meeting, with Mayor John C. Calhoun presiding. Mayor Calhoun told the commissioners that the drive to collect delinquent ad valorem taxes was progressing satisfactorily following action at the commission's last meeting. He said more than \$3,000 had been collected.

and some of his other teams went to the semifinals and finals in state tournaments several times.

Grossbeck Methodist Church Pays Entire Conference Charges

GROSSBECK, Sept. 22.—(Spl.)—At the Methodist church in this city last Sunday, Rev. C. C. Sessions, pastor, announced that on Sunday, Sept. 12, the Grossbeck church had paid all of its budget in full and its world service offering in full for this conference year and had increased the pastor's salary to \$2,100 for next year.

This is a record for this church and makes the Grossbeck church the first in the Corsicana district to pay everything in full. There is no debt of any kind against the church property.

Before Pearl Harbor, the United States imported 94 per cent of essential tropical commodities from the Eastern Hemisphere.

Put 3-purposes VA-TRO-NOL up each nostril. It (1) shrinks swollen membranes, (2) soothes irritation, (3) relieves transient nasal congestion, and brings greater breathing comfort. Follow the complete VICKS directions in folder. **VA-TRO-NOL**
